

# ARREST ONE IN GERM JURY FIXING PLOT

## POLITICIAN FOUND AFTER JUROR SPILLS PLOT TO INFLUENCE

Shepherd Investigator To  
Testify—Probe Absence  
Of Witness

Chicago, May 21.—The Shepherd-McClintock tangle took a definite forward step today with announcement that James Callan the ward politician, alleged to have attempted to influence a prospective juror, would be found and that Arthur E. Byrne, Shepherd investigator had changed his mind about testifying before the grand jury and was now awaiting only a call.

The state's attorney's office refused to make any further statement regarding Callan until he had been questioned.

"There may be something after we've talked to him, but I won't say a word now," State's Attorney Robert E. Crowe declared.

Chicago, May 21.—While the monotonous examination of prospective jurors continued in the courtroom where William D. Shepherd is on trial on a charge of having murdered William Nelson McClintock, his millionaire ward, the state today centered its attention on its search for an unnamed witness who is to be questioned regarding an alleged jury fixing plot aimed, the states charges, at influencing veniremen before they were called for questioning.

Just what was to be learned from the witness in question was not revealed and the utmost secrecy regarding his identity was maintained at the state's attorney's office. The search began after Phillip J. Barv assistant chief of the bureau of investigation of the federal department of justice in Chicago had told State's Attorney Robert E. Crowe of being approached "as a prospective juror" in the trial.

Barry is said to have declared that a ward politician had told him "it might be worth his while to be picked for the jury."

All night police were combing the city for further evidence and today fresh squads were sent out at Crowe's direction.

The night inquiry followed a probe by the grand jury which the state called into special session to hear five witnesses tell their versions of the disappearance of Robert White, one of the star witnesses for the state.

The state charges that White left the city after being offered a bribe of \$25,000 following threats on his life if he appeared at the trial and he told his story identifying Shepherd as a visitor at the National University of Science where Charles C. Fauman, his co-defendant declared he studied bacteriology and obtained the typhoid germs with which he is charged with having inoculated young McClintock.

White's identification of Shepherd was made before Fauman's confession.

The witnesses before the grand jury included Arthur Byrne, said to be an investigator for Attorney William S. Stewart, chief of the Shepherd counsel, who is said to have declared that "in fairness to his employers" he did not wish to testify. He was excused and told to return today after a conference with his employers to determine whether or not they considered his testimony should not be given.

Mrs. Marie Budlove said she read a letter from Mrs. White which contained the sentence: "We had to leave; our lives were threatened."

The session in court today, started with virtually no progress made since the opening day. Three jurors in the box had been tentatively accepted by both sides and a fourth had answered all questions satisfactorily although neither side had completed its questioning. Forty-six veniremen have been examined and the state has exhausted three of its twenty peremptory challenges.

## Rush For Canada Beer Is Short Of Expectations

Windsor, Ontario, May 21.—It was a motley and polyglot crew that was assembled here today. At 7 o'clock, this morning, when the first schooner of 4.4 percent beer was shoved across the table of one of the leading hotels there was no teeming crowd pawing at the door to get in. They were already in but not in the countless numbers that the occasion presaged.

Ohio was represented by citizens of Cincinnati and Columbus, Nebraska had a man from Omaha there, and North Dakota drank in the person of a Fargo resident. There was an unusual crowd that grasped glasses of the cool, amber beverage in their hands, but the bulk were Canadians, mostly from Toronto, who happened to be down for the occasion. They visaged interest into the affair.

## DETECTIVES PROBE STORY OF MAN HELD ON MURDER CHARGE

Says Partner Killed Woman For  
Jewels And Then Pawned  
Them

Cincinnati, O., May 21.—James McCampbell, 33, who is accused by his partner, John Edward Downing, 37, of having killed Mrs. Alleen Williams, 28, of Bromley, Ky., Saturday, was being given a rigorous "third degree" Thursday by detectives seeking to force from him a confession. Downing declares he and McCampbell and his common law wife, Mrs. George McCampbell, 31, drove in McCampbell's automobile to the wood near Brice Hill where Mrs. Williams' body was found later.

Downing charges that McCampbell dragged the woman from the machine, was gone fifteen minutes and reappeared with her diamond rings and that Mrs. Williams was not with him. Later in the evening, according to Downing, McCampbell said, "I don't think I croaked her." Downing says he pawned the rings for \$68, although they are said to have been worth \$600.

McCampbell denies guilt. The McCampbells and Downing had visited at the home of John Williams, husband of the victim.

Mrs. Williams came to Cincinnati Saturday to buy an automobile. Her body was found in the wood late Monday.

## HOPE JUSTIFIABLE HOMICIDE WILL BE VERDICT AT TRIAL

Child Faces Murder Charge  
After Woman In Case  
Dies

Chicago, Ill., May 21.—The coroner's jury this afternoon by a vote of two to one, exonerated Lucille Wunsch of murdering Agnes Simneek following an inquest here. The girl pleaded the "unwritten law."

Chicago, May 21.—The "unwritten law" in a new form—this was the plea to be offered here today by Lucille Wunsch, 15 year old Thornton high school girl, in defense of her attack on Agnes Simneek, 22, the woman who "made her mother cry," and who she killed to end the philandering of her father.

As the crowds flocked to the hearing there loomed the possibility that quiet men of Riverdale, who will sit in judgment on the pink and white complexioned schoolgirl, might consider this defense all sufficient and bring in a verdict of justifiable homicide.

Chicago, May 21.—Lucille Wunsch, pretty 15 year old high school student, who, as she explains, took "justice into her own hands to prevent her home from being broken up," was under arrest today in Riverdale, charged with the murder of Miss Agnes Simneek, 28, who is said to have been carried on an affair for two years with Lucille's father.

Miss Simneek, killed by the girl, is charged, when in the rear of her home Tuesday night, died in Roseland hospital.

A signed statement that Mrs. Birdie Wunsch, Lucille's mother, was the one who fired the fatal shot.

Mrs. Wunsch is also being held, but the police are convinced that the demure little black haired girl is the guilty one. She admits it and both the mother and the father, William Wunsch, a trustee of the village of Riverdale and a contractor, also say "I" fired the bullet that entered Miss Simneek's breast.

Lucille has admitted firing the shots. It was her method of dealing out "justice" to the woman who she claims "made her mother cry" and threatened to break up her home.

And Riverdale police declare that their investigation tends to prove that it was the girl and not the mother who waited in the shadows of Miss Simneek's home, the gun concealed beneath her cloak, and crept out to do murder when Miss Simneek returned in company with her father, William Wunsch, village trustee.

Both the father and mother, also, wounded during the girl's shooting rampage, were virtually recovered today. Their wounds, physicians say, were only superficial.

As time for the inquest drew near today, a great wave of sentiment in behalf of the girl who had been goaded to desperation by a small town's "taunts and snubs" and a mother's tears, swept over Riverdale. In the groups which gathered on the street corners, it was hard to find one who would censure.

"It was her father's fault. He shouldn't have been running around with this Simneek woman. You can't blame her."

This was the tenor of the gossip for Riverdale told you it has been expecting something like this ever since William Wunsch began neglecting the wife who struggled through years of poverty with him for the pretty face of a younger companion.

## CALL GRAND JURY IN SPECIAL SESSION TO INDICT PROFESSOR WHO TAUGHT EVOLUTION

Dayton, Tenn., May 21.—A special session of the Rhea County grand jury was called today for Monday to indict J. T. Scopes, teacher in the local high school, for violation of the state law prohibiting the teaching of evolution.

Following his plea of not guilty in a justice's court here, Scopes was bound over for action by the grand jury.

As the regular grand jury session is not due until early in August, the calling of the special session was understood to be a move on the part of the Dayton citizens to prevent Chattanooga from getting an evolution case into its courts in advance of

## ELLINGSON GIRL IS FOUND SANE; TO BE TRIED FOR MURDER

Marticide Prepares To Direct  
Own Defense—  
Seek Third Party

San Francisco, May 21.—Dorothy Ellingson considers the decision of the Napa State Hospital alienists who declared her sane, in the nature of a vindication and it was learned today, the 17 year old matricule believes it will give her an opportunity to direct her own defense when she again goes on trial for the murder of her mother.

So confident was the titian-haired "jazz baby" defendant that she would be declared sane, that she has spent much of her time in the asylum, in mapping out her defense. She has written a five page statement now in the possession of District Attorney Mathew Brady in which she denies the killing of her mother and returns to her original story that "Jimmy Lamarr, a dope fiend" fired the fatal shots.

Although branding the claim made in the statement as a "figment of imagination," officials admitted today that they believed Jimmy Lamarr a real person and a search is to be instituted for him. Police have received letters through the St. Louis chief of police purporting to come from Lamarr, in which the writer claimed Lamarr and not Dorothy killed Mrs. Ellingson.

Defense plans were to be completed late today. Joseph Ellingson, father of the girl, stunned by the doctor's verdict, news of which he received bitterly, arranged for the conference. It is understood he will seek to have Walter McGovern, who was associated with the defense in an advisory capacity in the first trial, assume the burden of the defense. McGovern, in his brief appearances in the initial proceedings, laid stress on the possibility that a third person killed Mrs. Ellingson.

Dorothy will be brought back to the county jail from the Napa State Hospital Friday. She probably will appear in court Monday when the state will ask that her trial be resumed immediately.

## THREE ARRESTED IN THEFT OF QUANTITY OF VALUABLE METAL

Two Springfield Men And Boy  
Held In Jail—Loot Valued  
At \$1,500

With the arrest of three Springfield men Tuesday and Wednesday, county authorities believe a long series of robberies of copper and brass from the storeroom of the Hercules Powder Company at Goes has been cleared up.

Those arrested are R. F. Williams, 41, Othe Elsnagle, 25, and George Clark, 16, all of Springfield. All have confessed to implication in the robberies and are being held in the County Jail.

Williams and Elsnagle were to be arraigned in Justice of the Peace Court Thursday on charges of burglary and larceny in connection with the alleged theft of brass and copper estimated to be worth \$1,500. More than 1,500 pounds of the metal was stolen.

The case against Clark, because he is a minor, will probably be given in to the hands of Judge S. C. Wright in Juvenile Court.

Williams was arrested Tuesday night by Sheriff Morris Sharp assisted by George Davis, acting watchman at the mills, employed by the Keystone and Iron Metal Company of Williamsport, Pa., which recently purchased the machinery and old metal at the mills for the purpose of junking it. Williams is said to have been caught in the act of breaking into the storeroom.

Davis, an employee of the Williamsport Company, was transferred to the position of night watchman when a series of small thefts of metal depleted the stock.

Clark and Elsnagle were arrested Wednesday in Springfield by County Detective F. E. Gary assisted by special Deputy Elmer Belden and a deputy sheriff of Clark County.

Authorities declared the men admitted hauling the copper and brass away in small quantities by means of an automobile and small robberies were reported from time to time during a period of two months.

The loot was disposed of at the Dagan Iron and Metal Company, of Springfield by Williams, authorities said. It is not known whether the other two men aided in disposing of the metal.

While \$1,500 is believed to be a conservative estimate of the value of the metal stolen, J. P. McMurnane, employee of the Williamsport company stationed at Goes, who is in charge of dismantling work, declared he believed that several tons of the metal had been stolen.

Nearly \$300 worth of the loot has been recovered.

## LIBERALS SUPPORT EASTERNER; BRYAN FAVORS THOMPSON

California Aided By Anti-  
Bryan Group—Hear  
McCartney

Columbus, May 21.—Momentous decisions were in the making today as the Presbyterian General Assembly faced the task of electing a moderator. Balloting was expected late this afternoon as the climax of almost a week of intense political skirmishes between liberals and militant conservatives.

Ultra-fundamentalists were split wide apart, while the "harmony" faction comprising the more liberal leaders apparently was united in support of Dr. Charles R. Erdman, Princeton University professor. Four leading candidates were expected to go before the assembly when the balloting begins.

William J. Bryan, Florida lay delegate and leader of one group of militant conservatives, appeared to have definitely broken with the bulk of the fundamentalists, when he announced he "would support Dr. William C. Thompson, president of Ohio State University, Columbus."

The anti-Bryan group was centering its strength on Dr. Lapsley A. McAfee, Barclay, California, following a long conference which broke up early this morning.

There was a possibility that fundamentalists still might be able to induce Dr. William L. McEwan, Pittsburgh, first choice of the militants, to reconsider his refusal to run and to become the candidate of the fundamentalists. Some strength in the early balloting was expected to be shown by Dr. Harry Clark Rogers, Kansas City. There were also rumors that Dr. Rogers might withdraw and support Dr. Erdman.

Dr. J. T. M. Finney, chief surgeon of John Hopkins University and surgeon general of allied armies in France, during the war, was slated to nominate Dr. Erdman. Dr. John Carson, Brooklyn, was expected to present Dr. McAfee's name to the assembly, and there was reported to be a possibility that Bryan would nominate Dr. Thompson.

The general assembly was scheduled to get under way at 10:30 o'clock with devotional services, the sermon of Dr. Clarence E. McCartney, moderator, and communion services. Balloting is scheduled soon after the afternoon session begins at 2:30 o'clock.

Columbus, May 21.—"One of the most alarming tendencies of the day in Christian circles is the tendency to dilute and tone down the gospel to suit the prejudice or unbelief of the age in which we live," warned Dr. Clarence Edward McCartney of Philadelphia, retiring Moderator in an address which opened the 137th annual Presbyterian General Assembly in Franklin County Memorial Hall here today. The assembly will continue in session for a week.

Approximately 1,000 commissioners, representing every State in the Union, Alaska, Porto Rico, Cuba, West Africa and various other foreign countries were present. The congress will transact business for forty-six synods, 299 presbyteries, 10,000 churches and more than 1,800,000 communicant members.

Dr. McCartney deplored the drift of the present generation from the tenets of the Church.

"The chief trouble with our churches today," he said, "is that nobody is a sinner any more. From our pulpits we hear much of the divinity of man and a great deal about vision, courage, service, community obligation and how to abolish war, but almost nothing of sin. That is the whole trouble too many have deleted sin from their hymnbooks and Bibles and consciences and yet try to find some meaning in the Christian religion."

## FOSDICK CASE

Dr. McCartney touched on the controversy raging in the Church over the preaching of Dr. Harry Emerson Fosdick, in the First Presbyterian Church of New York City.

"The great controversy which has shaken all of our churches has revealed a difference to truth and humiliating denial of Christ in his own temples and courts. But that is not all. It has also revealed the fact that there now exists between all true believers a bond of unity and brotherhood. This is a unity not of plaster and ramsackle federations and resolutions, but a unity of faith in Jesus as the alone Redeemer from sin."

The dispute over the sermons by Dr. Fosdick is expected to provide the pyrotechnics of the assembly. Dr. Fosdick is a Baptist, but for years served as a special preacher in the Presbyterian Church in New York City. Dr. Macarty and others took exception to some of his utterances as heretical. The General Assembly of 1924 decreed that Dr. Fosdick's occupancy of the Presbyterian pulpit was irregular and invited him into either accept the Presbyterian creed or discontinue his

## SEEK INDICTMENTS OF PAIR ARRESTED IN CHICKEN THEFT

Elmer Johnson, colored, and William Zimmerman, colored, both of this city, will probably not be arraigned on charges of burglary and larceny in connection with the alleged chicken stealing, before an attempt will be made to have them indicted on the charges by the Grand Jury which meets in special session Monday in Common Pleas Court.

Johnson was severely wounded when he was shot in the back of the head by Collins Williamson, of the Kyle Road, who frustrated an alleged attempt by Johnson to rob his chicken roost last week.

Johnson's condition permitted his removal from the County Infirmary to the County Jail Tuesday where he is being held with Zimmerman, who was arrested several days later accused of implication in the attempted robbery.

About forty shots were removed from Johnson's head by Xenia physicians who operated upon him last Saturday.

## CRABBE WILL DROP FURTHER ACTION ON FARM ACCEPTANCE

Attorney General C. C. Crabbe indicated Wednesday that he will not further oppose acquisition of the John Bryan farm, Yellow Springs, by the state.

Governor Vic Donahey directed Crabbe Tuesday to carry the case to the State Supreme Court. Crabbe is preparing an answer in the form of a letter in which he is expected to advise the governor that he is satisfied with the Common Pleas Court decision and will object to further prosecution of case.

He is expected to point out however, that he is willing to carry out instructions if the governor will show the way.

Stipulations were made in the will of John Bryan giving the property to the state that no religious services should ever be conducted on the property.

The Bryan farm has seen the subject on a controversy of long duration and three state governors have vetoed bills accepting the property for the state. However, a bill was passed over the governor's veto by the eighty-fifth general assembly.

Suit was brought attacking the constitutionality of the act but the lower court held that it was constitutional despite the religious phase.

## MRS. OHMER HAGLER NOW CLAIMS TO HAVE OLDEST COVERLET

Mrs. Ohmer Hagler, East Third St., is in the lead in the "oldest coverlet" contest, now merrily going on.

Mrs. Hagler's coverlet was handwoven by D. Cogley, who made the coverlet displayed in a window in a Cincinnati store, last week and which started a search for the heirlooms.

The coverlet owned by Mrs. Hagler was woven in 1833. It is prized by the Hagler family, having belonged to Mr. Hagler's great-grandmother. It is made of blue and white and has held its beauty through the years.

Mrs. Rosa Shaffer, West Third St., Xenia and Mrs. Samuel J. Oglesbee, Wilmington pike, run a neck-in-neck race, with coverlets woven in 1840. Both are of blue and white, the one owned by Mrs. Shaffer with a tiny verse in the corner and Mrs. Oglesbee's has white birds woven in the wool.

Both were made when Xenia was a tiny settlement. Mrs. Shaffer's by "A. Allen." Another coverlet, woven in Xenia in the early part of the nineteenth century is prized by Mrs. Shaffer.

A red, white and blue coverlet, made by D. Cosley in Xenia, in 1847, is in the possession of Mrs. H. M. Fudge, this city.

Jobe Brothers Company is anxious to get in touch with anyone in Xenia or Greene County who owns an old-fashioned counterpane, in order to display the coverlets in their windows, during the first week in June.

The handiwork of the weavers of close to a hundred years ago, is expected to make an interesting exhibit and the Jobe Company hopes to obtain a number of exhibits.

IT'S NO PLACE TO LOAF

Completion of the first steps in the beautification of the Court House lawn has been happily achieved, thanks to the untiring efforts of the Xenia Garden Club and the co-operation of the county commissioners.

The planting of grass and laying out of flower beds is now being supplemented by the commissioners in having a tree expert examine the trees on the lawn, trim them and preserve them in a healthy condition.

With landscape gardening plans progressing so well, commissioners can further co-operate with those interested in beautifying the square by not placing benches around sidewalks of the Court House to tempt loafing. In other years these benches not only encouraged loafing but created an unwholesome appearance, but advertised and exaggerated a condition of unemployment that does not actually exist in Xenia.

Furthermore, the placing of the benches attracts idlers who overflow on the lawn itself. Such an invasion this year would tend to destroy all that has been accomplished in the beautification of the lawn, in addition to marring the beauty of the public square. And anyway, why encourage loafing?

THE GOSPEL OF ECONOMY

PRESIDENT COOLIDGE is taking no chances with his tax reduction program. Already the campaign is on in earnest. He has the jump on Congress by six months, and it is quite apparent that he intends to make the most of it. His first attempt at scientific reduction was thwarted by those Congressional demagogues who used the rich man "bust a boo" to cover petty politics among constituencies, which in the very nature of things, could not be versed in the intricacies of a perfect system.

The opportunity for such tactics this year will be considerably reduced. Into the states where the demagogues found the best opportunities of fooling the people last year the President is planning to send the most competent men in the administration to explain his tax program. That is the meaning of Mr. Mellon's tour through the South. It is particularly significant that he went all the way to Mississippi to explain the A B C's of taxation reform to the constituencies of Pat Harrison and his neighbor Tom Heflin over in Alabama. A little later we will find Mr. Mellon in the Middle West doing some educational and missionary work in states whose representatives in Congress were largely responsible for blocking portions of the administration's program more than a year ago.

Meanwhile General Lord, Director of the Budget, has been carrying the gospel of economy throughout the country. It is rather a sad commentary on the personnel of Congress that two of the busiest men in Washington must leave their desks to explain away the fables that have been spread by Senators and Representatives, but such is the fact.

General Lord and Mr. Mellon will be followed by other representatives of the President, who will explain in detail how another \$300,000,000 may be pared off the tax bill next year if the country will insist on honest action by a majority in Congress. There is very little doubt that the campaign will succeed and that the program will be adopted at the next session with little change and less delay.

It is the Coolidge method of appealing to the good sense of the people directly rather than attempting to "trade" with certain members of the national legislature. In every way possible the President is attempting to divert the attention of the country from Washington. Politics is adjourned. Let the people give their whole hearted attention to their own affairs to the end that business may go forward and that all the people may be happy and prosperous. That is the word which the President gives to visitors at every opportunity. Presently he will go to New England for a month and then Washington will be off the map completely.

Brief but Important Lessons in Finance, Markets, Stocks, Bonds and Investments

The "scare him to death" type of advertising is passing out. A fundamental reason why "scare" advertising is passing out is because in general, it has not produced as effective results as other types of advertising. People do not like to be reminded of death and horror in an ad. An ad which uses these factors for its "punch" may attract attention all right but the ad is quite likely to produce a sensation of disgust and distaste in the mind.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards' produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a keynote of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action. If you have a "dark brown mouth"—a bad breath—a dull, tired feeling—headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime. Thousands take them every night just to keep right. Try them. 15c and 50c.

ANAEMIA

A remarkable discovery has enabled thousands of worn-out, tired, nervous, anaemic people to increase their strength and energy, often in two weeks' time, and to quickly change their leaden pallor and listless look to the pink skin, rosy lips and sparkling eyes of glowing health. Formerly they were given the old-fashioned tinctures and pills made from mineral iron, which many doctors now say are scarcely assimilated at all, and so give little benefit. But since the discovery of a new combination of organic iron—Nuxated Iron—which, being like the organic iron in our own blood, is promptly taken up by the blood, thousands have found that they can banish every trace of tiredness and weakness, those peculiar pains and that nervousness incident to old age, in a few short weeks. Furthermore, Nuxated Iron does not injure the teeth or disturb the stomach. It quickly helps build up rich, red blood that carries new strength, vitality and youth to your whole body. No matter how weak and ill you feel, or how many other medicines you have tried in vain, make this convincing test: Take Nuxated Iron for just two weeks, and if you do not notice a wonderful improvement in strength and energy and look years younger, the druggist will promptly refund your money. Nuxated Iron is sold under this absolute guarantee by all good druggists.

of the reader, thereby hurting the product advertised.

One company in a field where such advertising was once common and which has swung totally away from the "scare" advertising is the Metropolitan Life Insurance Company. Its ads are now highly readable, pleasant and effective, because of their public service and good-will value.

MAD DOG BITES

Bucyrus, May 21—Albert G. Stoltz, president of the Second National Bank, was bitten by his pet dog which was suffering from rabies. The domesticated canine, earlier, had been bitten by a strange dog, said to have been mad. The pet dog was sent to Columbus where tests showed positive reaction, it was stated. Stoltz was placed under treatment.

Does Your Back Ache?

Bad Backs Bring Suffering to Many Xenia Folks.

Is that dull, constant backache making you old and miserable? Does your back throb and ache until it seems you just can't keep going? Do you suffer headaches, dizzy spells and urinary disorders; feel weak, tired and worn-out? Then look to your kidneys. Delay may mean serious kidney sickness! Use Doan's Pills—a stimulant diuretic to the kidneys. Doan's are recommended by Xenia folks. J. F. Mellage, shoemaker, 425 W. Second St., Xenia, says: "My back ached constantly and every time I stooped, I got a stab of pain through it and it was hard to straighten. Mornings I dreaded to get up, I was so stiff and lame. I had to get up several times at night to pass the kidney secretions. Doan's Pills cured the backache and my kidneys again became normal." 60c, at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. SOBS, SNIFFLES AND SMILES

In one of O. Henry's stories "The Gift of The Wise Men" I came across this line: "Life is made up of sobs, sniffles and smiles, sniffles predominating."

The fact is there are many more sob currents that enter our days than we ever stop to realize. That is why we are downcast more than we should be. If we took more of our troubles for granted and as a part of the program of life there would be fewer complications.

Hurts in themselves are not so serious. The very fact that the gardener realizes that enemies are all the time lying in wait for his flowers or crops makes him more alert and in consequence he builds better ground and keeps an extra eye peeled in watchfulness. We can take our sniffles as they

come and just slip around the corner and let them have their flood. Or we can find a dark closet and let them run their route there, go out into the open spaces of life's ground and open up the sniffles.

Have you ever noticed how a baby's face brightens after his little sob or sniffle? Its very tears gladden like ripe pearls in the sunlight!

I never look at the furrows plowed in the face of a great man without thinking of the tears that swept their way through them all.

All sun filled days are brightened after the rain.

And so we are better for all our sobs all our sniffles and our tears. The heart demands that it have its reactions.

But the only thing that we should advertise are our smiles. The sobs and sniffles and tears are plenty enough with all.

The most of life is beautiful and attemptable—but there is nothing easy about it.

LASTING FRIENDSHIP

"Well," said I, "in looking round. Thinking of the friends I've found And the laughter and the tears That were sprinkled through the years.

All the work I've ever done, And my cares have hurt me none, These old friends so good to know, They've had many a hill to hoe.

"All that's ever been worth while, Every cheering word and smile, Ever lasting friendship true, Came from men with work to do; Men with hearts to plow and trees They must guard against disease, Burns to build and stock to tend, That's the sort that makes the friend.

"I've known idlers, rich and poor, Following pleasure's shining lure And I used to think that they Were life's favorites, but today Looking back I realize Only men who work are wise, And the ones you grow to love Idleness knows little of.

"Not from loafers come your friends, Love on service true depends, Every worth while man you know Wakes at dawn to work to do; Out of toil and out of care Friendship blossoms everywhere, Only men with tasks to do Have it in them to be true."

## BLUE LAW BATTLE IS AT STANDSTILL

With a showdown expected next Sunday, battle lines are believed to be forming by Prosecuting Attorney J. Carl Marshall and clients of Attorney F. L. Johnson, exponents of Sunday "blue law" observance, behind a mantle of silence.

A second demand by Attorney Johnson that "blue laws" be enforced next Sunday has thus far met with no response from Prosecutor Marshall, and the latter did not indicate Thursday whether he will even answer the letter and explain his position on the question.

Attorney Johnson and his clients have patterned after the prosecutor in assuming a non-committal attitude on what their next move will be, and the unique war is at a standstill.

**DOUBLE WEDDING IS SOLEMNIZED THURSDAY**

A brother and sister were participants in a double wedding ceremony performed in Covington, Ky., Wednesday, when Miss Margaret Shaffer, Clifton, and Mr. Otis Beekman, Gladstone and Miss Frances Dyer, Pitchin, and Mr. Emmitt Shaffer, Clifton, were married.

The two couples kept their plans secret from their friends and announced their marriage on their return. Mrs. Beekman and Mr. Shaffer are daughter and son of Mr. and Mrs. I. T. Shaffer, Clifton. Mrs. Beekman has been employed as operator at the Clifton Bell Telephone Exchange.

Mr. and Mrs. Beekman will reside in Gladstone and Mr. and Mrs. Shaffer with the bridegroom's parents in Clifton.

Mrs. C. M. Hamilton arrived from her home in Elizabeth, N. J., Thursday morning, being called here by the critical condition of her father, Mr. I. S. Mowrer. Mr. Mowrer is thought to be at the point of death. Mrs. Hamilton is staying with her sister, Miss Helen Mowrer, in Dayton.

Mrs. Carrie D. Geyer, Cincinnati, will arrive in Xenia Thursday evening, to attend the funeral of Mr. A. R. Crandall, Friday. She will spend the week end with Mr. and Mrs. George D. Geyer, North Galloway Street.

Mrs. Charles O'Brien and baby son, Charles John, who have been spending two weeks with Mrs. O'Brien's parents, Mr. and Mrs. Patrick Hamilton, of Cincinnati, returned home Wednesday evening.

Mr. Joseph D. Merriman, employed at the filling station of the Paragon Oil Company, this city, has been transferred to Piqua with the same company.

Mrs. W. H. Elliott and Miss Ruth Elliott, of New Castle, Ind., are the houseguests of Mrs. A. L. Oglesbee, North Galloway Street. Mrs. Elliott is the owner of the New Castle "Courier" which she manages since the recent death of her son, Mr. George Elliott, part owner of the paper and well known newspaperman.

# GRADUATION NEXT WEEK WILL ROB CENTRAL HIGH SPORT TEAMS OF THIRTEEN ATHLETES

Central High School athletic teams of next year will suffer as a result of the graduation of a number of athletes with this year's senior class. Thirteen seniors who have performed ably either on the gridiron or the court, will get diplomas that will end their high school careers May 29.

Coach-elect Victor Kolb will have a hard time replacing some of these lads when he assumes charge of Central High athletics next fall. Probably the most outstanding athlete among the seniors is Allen Zell, captain of the 1924 football team, who has made an enviable record at the East Church Street school.

Zell played guard on Coach Earl Furgner's football team the first year the Wittenberg mentor was engaged here. The following year Zell was shifted to the backfield, where he played even more brilliantly. His prowess won him a place among the mythical array of all star sport talent that Central High has turned out. In basketball, he also sparkled at guard and center.

Edgar Holton, is another athlete whose shoes will be hard to fill at Central next year. Holton began his football career in the backfield and played first-water football during the several seasons he was with the team. He did not put all his eggs in one basket either, for he sparkled brightly on the basketball court.

Eugene Perrine started out as a basketball luminary and then shifted his activities to the gridiron with surprising success. After winning a letter on the court Perrine not only "made" the football team last fall but played brilliant football at the end position. He was a bulwark on the basketball team again during the past season as well.

Ira Towles, colored athlete, is the last member of the two-port contingent to be lost through graduation. Towles was a consistent player in both football and basketball and his defensive work caused him to scintillate in the football backfield.

# BUY A POPPY!

## SATURDAY IS POPPY DAY IN XENIA

*When Poppies Are a Symbol of Humanity*

POPPY DAY is consecrated to the undying memory of hero-ism, suffering, sacrifice and that supreme love of country which prompts a man to lay down his life. Travelers in France, today, stand silently, with bowed heads and profound reverence, where the white crosses of our War dead form a vast and beautiful empire of this Great Adventure.

And, in honoring them and their deeds, the living, as well as those who sleep beneath the same red poppies which have named a Day in History, there will soon blossom, the country over, flaming emblems, the purchase of which places a badge of honor on your own lapel.

'Do not turn away from Poppy Day messengers of the type of Charity, which is actually not charity at all, but an expression of reverent love. In your own kindly, thoughtful way, for a mere pittance, you, too, can be "in the service." And your heart will beat the faster, your pulse throb with infinite pride, as you realize that in the aggregate, the sum collected will prove how America not only REMEMBERS, but establishes a practical memorial to her heroes.

If you could SEE the Poppy fields of France—and, mind you, they bloom with deeper, more brilliant scarlet, because of the blood that drenched their soil, you would read in each graceful petal, all the tragic story over again of the storms that shook civilization to its very foundation, and the fathers, sons, brothers, who went across far seas because of an ideal. Wear a Poppy on Poppy Day.

# PRINCE CONVICTED OF CHARGE BY JURY IN PROBATE COURT

After deliberating slightly more than an hour, a jury in Probate Court Wednesday afternoon returned a verdict of guilty against H. E. Prince automobile agent, South Detroit Street, charged with keeping a gambling room and permitting Albert Smith, this city, to use the room for the purpose of recording wagers on race horses.

The jury was composed of six women and six men and all concurred.

The case was given to the jury Wednesday afternoon at 2:10 o'clock and a verdict was returned at 3:15 o'clock. It was reported that the jury only took two ballots to decide upon conviction.

Sentence of Prince on the charge was deferred by Judge S. C. Wright for three days to allow Attorney C. L. Darlington, representing Prince, time to file a motion for a new trial.

The state had rested its case in the trial late Wednesday morning and arguments by attorneys were begun immediately after the morning session. Prosecuting Attorney J. C. Marshall delivered the first state argument in which he described past incidents of women coming to him to procure his aid against alleged gambling in the city.

Attorney Darlington in making a plea that his client be acquitted of the charge, confined his arguments to the technical phase of the trial. City Solicitor J. A. Finney gave the final state argument.

# XENIA GOLF TEAM LOSES TO M'GREGOR

The four-man team representing the Xenia Country Club was defeated by the MacGregor Golf Club match team, of Dayton, over the MacGregor links Wednesday afternoon by a score of 4 to 0 in the first match for either club in the Dayton District Association League.

E. R. Bryant, E. S. Davidson, S. M. McKay and C. E. Fisher represented the Xenia Country Club and each player lost his match to his opponent.

The MacGregor Club is one of the outstanding Dayton golf clubs and its representatives have had far more experience in the golf pastime than local players. However the Xenians forced their opponents to uncork an excellent brand of golf before admitting defeat.

Davidson lost his eighteen hole match with his opponent, Joe Short, five up and four to play. Ordway stood six up on Bryant, while Charles Gregg and Henry Wasser, MacGregor players, beat Fisher and McKay by identical scores, three up and one.

Xenia will play its first home match in the association next Wednesday afternoon with the Miami Valley Club of Dayton.

# RESERVES TO PLAY DREXEL REDS HERE

The Xenia Reserves will go after another victory Sunday afternoon at Washington Park when the locals play the Drexel Reds.

The Reserves team has been mowing down all opposition with regularity and has easily won a great majority of its games this season.

Cyphers, Reserves star twirler will again probably be assigned the pitching duties since McDonnell's appearance Sunday is an uncertainty.

The Drexels have been going strong on the diamond this season. It is announced, and have won three games to date over what are considered first class ball teams.

The locals have found their batting eye in recent games with the result that batting averages are noticeably higher and players are being primed this week in practice in preparation for the Sunday game. The Reserve lineup will be the same.

### THURSDAY MORNING SERMON

To save myself a little jack for future rainy days, I've worn old clothes upon my back and saved in various ways; I've worn my last year's coat and hat and ridden in a Ford, each night I've stayed home with the cat and at our flat was moored. And in the bank I put my mon at interest 4 percent but now it seems my savings done, for I am badly bent.

A long-faced brother first appeared, pathetic-eyed and sad; the tears were streaming down his beard and he was feeling bad. He plead for people over the sea who lived on bread and soup, and told of how a little fee would save them from the croup. Some might have heard that doleful tale and gone unmoved about, but I got out my purse of kale and shelled three sawbucks out.

Each day as down the streets I tear, some sister yells out "Hey." She's begging for some cause somewhere and asks how much I'll pay. I sadly view her to and fro as loud she weeping moans and then before I turn to go I give my last two bones. The schools and lodges come apace with tickets for some ball; to turn them down I've not the face and so I buy from all.

Oh, I've been shelling out my tin to every one that came; I've helped the man with bearded chin and gave tin to the lame. My bank account has gone to smash and I am nearly broke; I live on sauer-kraut and hash, my clothes are quite a joke.

I still am wearing last year's clothes and working day and night; my socks are out at heels and toes and sharp the frost does bite. But from this day I won't go wrong. I'll buy what e'er I need. I'll fill myself on prunes and song, and on fried chicken-feed.

### CLYDE, OHIO, HEARD FROM

There was a young fellow from Clyde, Who lived but one day with his bride, The day they were wed, Hot biscuits she fed, And the very next morning he died.

Well, we see in the news where C. Bryan of Nebraska is doing a little storming again. Having gone through the Sandusky-Lorain tornado last summer, we know how Nebraska folks must feel. Charley certainly is windy.

### MEMORIES

My new straw hat Makes the people glance, And I feel like I did In my first long pants.

The fellow who found \$51 in a shoe he was putting on certainly wouldn't call that trying on one.

## LIBERALS SUPPORT EASTERN; BRYAN FAVORS THOMPSON

(Continued from Page One)

sermons in the Presbyterian church Dr. Fosdick refused to bind himself to the Presbyterian creed but continued to occupy his pulpit for many months after the decree of the General Assembly.

**BRING CHARGES**

Twelve ministers and four elders of the New York Presbytery will present to the assembly a complaint against the New York body charging "dishonest action" and "error" in ten specific counts. The Presbytery of Chester, Pa., will present an overtone demanding that the Presbytery of New York be excommunicated, its property taken away and a new and loyal Presbytery set up in its place.

The action against the New York body is having its reaction in other presbyteries. So bitter is the feeling in the Baltimore Presbytery against Philadelphia Presbytery for having originally raised and fostered the controversy that Baltimore Presbytery will ask the General Assembly to separate it from the Presbytery of Philadelphia in the voting section where the two Presbyteries for years have been united.

The Presbyteries of Grand Rapids and Chicago will present conciliatory resolutions to the General Assembly urging that the controversy be dropped and that peace be restored within the Church.

**PLAN UNION**

The charges will be tried in executive session by the Permanent Judicial Commission which meets apart from the General Assembly and brings its decision to the assembly toward the close of its sessions. If the General Assembly accepts the decision of this commission the decision is final. If it does not accept, then the whole issue is thrown into open trial before the entire assembly.

Another vital matter before the convention is the plan for perfecting unity between the Presbyterian church and the Congregational Church and for uniting the Presbyterian Church in the U. S. A., with the United Presbyterian Church, which has its headquarters in Pittsburgh. If these two branches of the Presbyterian Church and the Congregational Church were ultimately to merge into one denomination it would mean an organization of more than 3,000,000 communicant members.

Plans for a unified finance system for the entire denomination for the rehabilitation of American Christian homes, for the establishment of a great religious national center at Washington, and reports of various committees will also be discussed during the week.

Possible conservative candidates for Moderator to succeed Dr. Macartney are William Jennings Bryan, retiring vice-moderator; Dr. William L. McEwan of Pittsburgh and Dr. Charles R. Erdman of Princeton.

# CITY MAIL CARRIERS WANT HALF HOLIDAY FOR SUMMER MONTHS

A petition was circulated among Xenia business men Wednesday by city mail carriers to gain sentiment for a half holiday for city mail carriers.

Postmaster C. S. Frazer declared Wednesday that he is in favor of a half holiday and had taken the matter up with the postal department at Washington D. C.

Although sometimes permitted by the department, providing the service is not curtailed and no additional expense is attached Xenia mail carriers have never enjoyed a weekly half holiday it was pointed out by Postmaster Frazer.

The postmaster has requested that the holiday be given on Wednesday afternoons since Saturday is a busier day.

City mail carriers would not enjoy a full afternoon of leisure but would be permitted to quit every Wednesday afternoon after their second trip had been made, under the plan.

Three trips are made each day, one in the morning and two in the afternoon. If permission is granted for a holiday, the third trip would be abandoned, and the carriers would be free after 3:00 or 3:30 p. m.

While not required by the postal department, petitions are being circulated to obtain the sentiment of the people on the question.

## MICHAEL'S MARRIAGE

By MICHAEL

### CHAPTER XLVIII

As he waited that morning for sleep to subdue his ragged nerves (it was after two o'clock when he got to bed), Michael resolved to have an understanding with Lilah about her mother. "I'll be damned if I'll let my mother-in-law boss me!" He went over in his mind what he would say to Lilah. He didn't want to offend her. He was thus occupied when he went to sleep.

He called her in the morning from the office to reassure her. Thrillingly happy at the unoffended way in which he talked, Lilah did not refer to the previous evening's scene.

"I'd like to see you this afternoon or evening, but I've promised to go golfing with Lonnie Capper, and then sit in on a game of poker."

"Have a good time." She danced around the room after he rang off.

The fact of the matter was that he did not know whether he was going to play golf with Lonnie. They had an indefinite understanding. And even if Lonnie came by for him, he wasn't sure whether he would go. There was work to do and he wanted to be alone.

But when Lonnie telephoned, he changed his mind and agreed to go. He was glad that he did, because the day was perfect, with a balmy breeze blowing, and he enjoyed the game of golf, even if Lonnie did defeat him by eight strokes.

"Hope I trim you as badly at poker tonight. I need the money," Lonnie cried as they ran to the clubhouse.

"So do I," Michael exclaimed over his shoulder. "I'll always need money from now on."

The shower bath put new life into him and he ordered a big dinner.

He forgot Lilah and his engagement as he sparred verbally with Lonnie. They got into another one of their arguments, with Lonnie defending an absurd position in an aggravatingly adroit manner.

"There's a dance tonight! Let's take a few turns before we begin to play cards!" Lonnie suggested as they were finishing their cigars. "Half of the men on the floor will be in knickers, so we'll be in style."

Michael was in the mood to agree. They ventured into the ballroom and sought out partners. Michael took Mary Roberts away from her brother, who sighted with relief at his release, and promptly sought out his particular enthusiasm in femininity.

"You've broken half of the hearts in town by going and getting engaged to Lilah Pharley," Mary giggled.

"Stuff! I'll bet that your heart isn't even touched by the calamity."

"If you only knew!" He playfully squeezed her hand. She blushed.

He didn't hear what she said next. His eyes had alighted on Elaine Alloway. An ominous feeling was tugging at him. She was nodding in his direction. A cold sort of nod, it seemed to him. He remembered with a sickening sensation that he had forgotten to mail her the letter telling of his engagement to Lilah. And it was evident that she had heard. It was in her eyes.

He decided to leave the floor when the number was concluded. He parted from Mary when the encore had been played, and went in search of Lonnie.

He found him with Elaine, and he was cornered.

# ARREST ONE IN GERM JURY FIXING PLOT

## POLITICIAN FOUND AFTER JUROR SPILLS PLOT TO INFLUENCE

Shepherd Investigator To  
Testify—Probe Absence  
Of Witness

Chicago, May 21.—The Shepherd-McClintock tangle took a definite forward step today with announcement that James Callan the ward politician, alleged to have attempted to influence a prospective juror, would be found and that Arthur E. Byrne, Shepherd investigator had changed his mind about testifying before the grand jury and was now awaiting only a call.

The state's attorney's office refused to make any further statement regarding Callan until he had been questioned.

"There may be something after we've talked to him, but I won't say a word now," State's Attorney Robert E. Crowe declared.

Chicago, May 21.—While the monotonous examination of prospective jurors continued in the courtroom where William D. Shepherd is on trial on a charge of having murdered William Nelson McClintock, his millionaire ward, the state today centered its attention on its search for an unnamed witness who is to be questioned regarding an alleged jury fixing plot aimed, the states charges, at influencing veniremen before they were called for questioning.

Just what was to be learned from the witness in question was not revealed and the utmost secrecy regarding his identity was maintained at the state's attorney's office. The search began after Phillip J. Barv assistant chief of the bureau of investigation of the federal department of justice in Chicago had told State's Attorney Robert E. Crowe of being approached "as a prospective juror" in the trial.

Barry is said to have declared that a ward politician had told him "it might be worth his while to be picked for the jury."

All night police were combing the city for further evidence and today fresh squads were sent out at Crowe's direction.

The night inquiry followed a probe by the grand jury which the state called into special session to hear five witnesses tell their versions of the disappearance of Robert White, one of the star witnesses for the state.

The state charges that White left the city after being offered a bribe of \$25,000 following threats on his life if he appeared at the trial and re-told his story identifying Shepherd as a violator at the National University of Science where Charles C. Faiman, his co-defendant declared he studied bacteriology and obtained the typhoid germs with which he is charged with having inoculated young McClintock.

White's identification of Shepherd was made before Faiman's confession.

The witnesses before the grand jury included Arthur Byrne, said to be an investigator for Attorney William S. Stewart, chief of the Shepherd counsel, who is said to have declared that "in fairness to his employers" he did not wish to testify. He was excused and told to return today after a conference with his employers to determine whether or not they considered his testimony should not be given.

Mrs. Marie Budlove said she read a letter from Mrs. White which contained the sentence: "We had to leave; our lives were threatened."

The session in court today started with virtually no progress made since the opening day. Three jurors in the box had been tentatively accepted by both sides and a fourth had answered all questions satisfactorily although neither side had completed its questioning. Forty-six veniremen have been examined and the state has exhausted three of its twenty peremptory challenges.

## DAWES MAY ADDRESS LAW ASSOCIATION

Cleveland, O., May 21.—Vice President Charles E. Dawes has been invited by President John A. Cline, of the Ohio State Bar Association, to address the annual convention of Ohio Lawyers at Cedar Point, July 10, on the subject of revision of rules of the United States Senate, it was announced today.

At the same time, it was stated that Frank B. Willis, and Simeon D. Fess had been asked to appear on the platform at the same time and take part in the discussion. Senator Willis has expressed the opinion that the present senate rules are satisfactory, while Senator Fess has been quoted as favoring the position advanced by the vice president in his inaugural address.

Windsor, Ontario, May 21.—It was a motley and polyglot crew that was assembled here today. At 7 o'clock, this morning, when the first schooner of 4.4 percent beer was shoved across the table of one of the leading hotels there was no teeming crowd pawing at the door to get in. They were already in but not in the countless numbers that the occasion promised.

Ohio was represented by citizens of Cincinnati and Columbus, Nebraska had a man from Omaha there, and North Dakota drank in the person of a Fargo resident. There was an unusual crowd that grasped glasses of the cool, amber beverage in their hands, but the bulk were Canadians, mostly from Toronto, who happened to be down for the occasion. They visaged interest into the affair.

## DETECTIVES PROBE STORY OF MAN HELD ON MURDER CHARGE

Says Partner Killed Woman For  
Jewels And Then Pawned Them

Cincinnati, O., May 21.—James McCampbell, 33, who is accused by his partner, John Edward Downing, 37, of having killed Mrs. Alleen Williams, 38, of Bromley, Ky., Saturday was being given a rigorous "third degree" Thursday by detectives seeking to force from him a confession. Downing declares he and McCampbell and his common law wife, Mrs. George McCampbell, 31, drove in McCampbell's automobile to the wood near Brice Hill where Mrs. Williams' body was found last.

Downing charges that McCampbell dragged the woman from the machine, was gone fifteen minutes and reappeared with her diamond rings and that Mrs. Williams was not with him. Later in the evening, according to Downing, McCampbell said, "I don't think I croaked her." Downing says he pawned the rings for \$68, although they are said to have been worth \$600.

McCampbell denies guilt. The McCampbells and Downing had visited at the home of John Williams, husband of the victim.

Mrs. Williams came to Cincinnati Saturday to buy an automobile. Her body was found in the wood late Monday.

## HOPE JUSTIFIABLE HOMICIDE WILL BE VERDICT AT TRIAL

Child Faces Murder Charge  
After Woman In Case  
Dies

Chicago, Ill., May 21.—The coroner's jury this afternoon by a vote of two to one, exonerated Lucille Wunsch of murdering Agnes Simneek following an inquest here. The girl pleaded the "unwritten law."

Chicago, May 21.—The "unwritten law" in a new form—this was the plea to be offered here today by Lucille Wunsch, 15 year old Thornton high school girl, in defense of her attack on Agnes Simneek, 22, the woman who "made her mother cry," and who she killed to end the philandering of her father.

As the crowds flocked to the hearing there loomed the possibility that quiet men of Riverdale, who will sit in judgment on the pink and white complexioned schoolgirl, might consider this defense all sufficient and bring in a verdict of justifiable homicide.

Chicago, May 21.—Lucille Wunsch, pretty 15 year old high school student, who, as she explains, took "justice into her own hands to prevent her home from being broken up," was under arrest today in Riverdale, charged with the murder of Miss Agnes Simneek, 23, who is said to have been killed on an affair for two years with Lucille's father.

Miss Simneek, shot by the girl, is charged, when in the rear of her home Tuesday night, died in Roseland hospital.

A few moments before she died, she signed a statement that Mrs. Birdie Wunsch, Lucille's mother, was the one who fired the fatal shot.

Mrs. Wunsch is also being held, but the police are convinced that the demure little black haired girl is the guilty one. She admits it and both the mother and the father, William Wunsch, a trustee of the village of Riverdale and a contractor, also say "I fired the bullet that entered Miss Simneek's breast."

Lucille has admitted firing the shots. It was her method of dealing out "justice" to the woman who she claims "made her mother cry" and threatened to break up her home.

And Riverdale police declare that their investigation tends to prove that it was the girl and not the mother who waited in the shadows of Miss Simneek's home, the gun concealed beneath her cloak, and crept out to do murder when Miss Simneek returned in company with her father, William Wunsch, village trustee.

Both the father and mother, also, wounded during the girl's shooting rampage, were virtually recovered today. Their wounds, physicians say, were only superficial.

As time for the inquest drew near today, a great wave of sentiment in behalf of the girl who had been goaded to desperation by a small town's "taunts and snubs" and a mother's tears, swept over Riverdale. In the groups which gathered on the street corners, it was hard to find one who would censure.

"It was her father's fault. He shouldn't have been running around with this Simneek woman. You can't blame her."

This was the tenor of the gossip for Riverdale will tell you it has been expecting something like this ever since William Wunsch began neglecting the wife who struggled through years of poverty with him for the pretty face of a younger companion.

As the regular grand jury session is not due until early in August, the calling of the special session was understood to be a move on the part of the Dayton citizens to prevent Chattanooga from getting an evolution case into its courts in advance of

## TRY TEST CASE

Columbus, O., May 21.—Trial of Frank Quinn, charged with violating gambling laws by selling horse racing tickets at Beulah Park, near here, is scheduled to start today before Mayor Felton at Grove City. Quinn was an employee of the track. His trial is a test case to determine whether the betting system that prevailed during the recent track meet, was illegal.

## ELLINGSON GIRL IS FOUND SANE; TO BE TRIED FOR MURDER

Marticide Prepares To Direct  
Own Defense—  
Seek Third Party

San Francisco, May 21.—Dorothy Ellingson considers the decision of the Napa State Hospital alienists who declared her sane, in the nature of a vindication and it was learned today, the 17 year old matricide believes it will give her an opportunity to direct her own defense when she again goes on trial for the murdered of her mother.

So confident was the titian-haired "jazz baby" defendant that she would be declared sane, that she has spent much of her time in the asylum, in mapping out her defense. She has written a five page statement now in the possession of District Attorney Madew Brady in which she denies the killing of her mother and returns to her original story that "Jimmy Lamarr, a dope fiend" fired the fatal shots.

Although branding the claim made in the statement as a "figment of imagination," officials admitted today that they believed Jimmy Lamarr a real person and a search is to be instituted for him. Police have received letters through the St. Louis chief of police purporting to come from Lamarr, in which the writer claimed Lamarr and not Dorothy killed Mrs. Ellingson.

Defense plans were to be completed late today. Joseph Ellingson, father of the girl, stunned by the doctor's verdict, news of which he received bitterly, arranged for the conference. It is understood he will seek to have Walter McGovern, who was associated with the defense in an advisory capacity in the first trial, assume the burden of the defense.

McGovern, in his brief appearances in the initial proceedings, laid stress on the possibility that a third person killed Mrs. Ellingson.

Dorothy will be brought back to the county jail from the Napa State Hospital Friday. She probably will appear in court Monday when the state will ask that her trial be resumed immediately.

## CALL GRAND JURY IN SPECIAL SESSION TO INDICT PROFESSOR WHO TAUGHT EVOLUTION

Dayton, Tenn., May 21.—A special session of the Rhea County grand jury was called today for Monday to indict J. T. Scopes, teacher in the local high school, for violation of the state law prohibiting the teaching of evolution.

Following his plea of not guilty in a justice's court here, Scopes was bound over for action by the grand jury.

As the regular grand jury session is not due until early in August, the calling of the special session was understood to be a move on the part of the Dayton citizens to prevent Chattanooga from getting an evolution case into its courts in advance of

PROF. J. T. SCOPES

Professor J. T. Scopes, teacher of science in the Dayton (Tenn.) high school, was arrested for alleged violation of the State law against the teaching of evolution in the schools. Both Bryan and Professor Scopes, by an odd coincidence, are natives of Salem, Ill.

## THREE ARRESTED IN THEFT OF QUANTITY OF VALUABLE METAL

Two Springfield Men And Boy  
Held In Jail—Loot Valued  
At \$1,500

With the arrest of three Springfield men Tuesday and Wednesday, county authorities believe a long series of robberies of copper and brass from the storeroom of the Hercules Powder Company at Goes has been cleared up.

Those arrested are R. F. Williams, 41 Othe Eisnagle, 25, and George Clark, 16, all of Springfield. All have confessed to implication in the robberies and are being held in the County Jail.

Williams and Eisnagle were to be arraigned in Justice of the Peace Court Thursday on charges of burglary and larceny in connection with the alleged theft of brass and copper estimated to be worth \$1,500. More than 1,500 pounds of the metal was stolen.

The case against Clark, because he is a minor, will probably be given in to the hands of Judge S. C. Wright in Juvenile Court.

Williams was arrested Tuesday night by Sheriff Morris Sharp assisted by George Davis, acting watchman at the mills, employed by the Keystone and Iron Metal Company of Williamsport, Pa. which recently purchased the machinery and old metal at the mills for the purpose of junking it. Williams is said to have been caught in the act of breaking into the storeroom.

Davis, an employee of the Williamsport Company, was transferred to the position of night watchman when a series of small thefts of metal depleted the stock.

Clark and Eisnagle were arrested Wednesday in Springfield by County Detective P. E. Gary assisted by special Deputy Dilliver Bolden and a deputy sheriff of Clark County.

Authorities declared the men admitted hauling the copper and brass away in small quantities by means of an automobile and small robberies were reported from time to time during a period of two months.

The loot was disposed of at the Dagan Iron and Metal Company, of Springfield by Williams, authorities said. It is not known whether the other two men aided in disposing of the metal.

While \$1,500 is believed to be a conservative estimate of the value of the metal stolen, J. P. McMurnane, employee of the Williamsport company stationed at Goes, who is in charge of dismantling work, declared he believed that several tons of the metal had been stolen.

Nearly \$300 worth of the loot has been recovered.

## LIBERALS SUPPORT EASTERNER; BRYAN FAVORS THOMPSON

California Aided By Anti-  
Bryan Group—Hear  
McCartney

Columbus, May 21.—Momentous decisions were in the making today as the Presbyterian General Assembly faced the task of electing a moderator. Balloting was expected late this afternoon as the climax of almost a week of intense political skirmishes between liberals and militant conservatives.

Ultra-fundamentalists were split wide apart, while the "harmony" faction comprising the more liberal leaders apparently was united in support of Dr. Charles R. Erdman, Princeton University professor. Four leading candidates were expected to go before the assembly when the balloting begins.

William J. Bryan, Florida lay delegate and leader of one group of militant conservatives, appeared to have definitely broken with the bulk of the fundamentalists, when he announced he would support Dr. William C. Thompson, president of Ohio State University, Columbus.

The anti-Bryan group was centering its strength on Dr. Lapsley A. McAfee, Hargley, California, following a long conference which broke up early this morning.

There was a possibility that fundamentalists still might be able to induce Dr. William L. McEwan, Pittsburgh, first choice of the militants, to reconsider his refusal to run and to become the candidate of the fundamentalists. Some strength in the early balloting was expected to be shown by Dr. Harry Clark Rogers, Kansas City. There were also rumors that Dr. Rogers might withdraw and support Dr. Erdman.

Dr. J. T. M. Finney, chief surgeon of John Hopkins University and surgeon general of allied armies in France, during the war, was slated to nominate Dr. Erdman. Dr. John F. Carson, Brooklyn, was expected to present Dr. McAfee's name to the assembly, and there was reported to be a possibility that Bryan would nominate Dr. Thompson.

The general assembly was scheduled to get under way at 10:30 o'clock with devotional services, the sermon of Dr. Clarence E. McCartney, moderator, and communion services. Balloting is scheduled soon after the afternoon session begins at 2:30 o'clock.

Columbus, May 21.—"One of the most alarming tendencies of the day in Christian circles is the tendency to dilute and tone down the gospel to suit the prejudice or unbelief of the age in which we live," warned Dr. Clarence Edward McCartney of Philadelphia, retiring Moderator in an address which opened the 137th annual Presbyterian General Assembly in Franklin County Memorial Hall here today. The assembly will continue in session for a week.

Approximately 1,000 commissioners, representing every State in the Union, Alaska, Porto Rico, Cuba, West Africa and various other foreign countries were present. The congress will transact business for forty-six synods, 239 presbyteries, 10,000 churches and more than 1,800,000 communicant members.

Dr. McCartney deplored the drift of the present generation from the tenets of the Church.

"The chief trouble with our churches today," he said, "is that nobody is a sinner any more. From our pulpits we hear much of the divinity of man and a great deal about vision, courage, service, community obligation and how to abolish war, but almost nothing of sin. That is the whole trouble too many have deleted sin from their hymnbooks and Bibles and consciences and yet try to find some meaning in the Christian religion."

FOSDICK CASE  
Dr. Macartney touched on the controversy raging in the Church over the preaching of Dr. Harry Emerson Fosdick, in the First Presbyterian Church of New York City.

"The great controversy which has shaken all of our churches has revealed sad indifference to truth and humiliating denial of Christ in His own temples and courts. But that is not all. It has also revealed the fact that there now exists between all true believers a bond of unity and brotherhood. This is a unity not of plaster and ramshackle federations and resolutions, but a unity of faith in Jesus as the alone Redeemer from sin."

The dispute over the sermons by Dr. Fosdick is expected to provide the pyrotechnics of the assembly. Dr. Fosdick is a Baptist, but for years served as a special preacher in the Presbyterian Church in New York City. Dr. Macartney and others took exception to some of his utterances as heretical. The General Assembly of 1924 decreed that Dr. Fosdick's occupancy of the Presbyterian pulpit was irregular and invited him into either accept the Presbyterian creed or discontinue his

Mrs. Clara Nickell, administratrix of the estate of Volney Nickell, deceased, was recently awarded a verdict of \$2,500 by a jury in Common Pleas Court. The Middleton case was settled out of court. ### CRABBE WILL DROP FURTHER ACTION ON FARM ACCEPTANCE

Attorney General C. C. Crabbe indicated Wednesday that he will not further oppose acquisition of the John Bryan farm, Yellow Springs, by the state.

Governor Vic Donahey directed Crabbe Tuesday to carry the case to the State Supreme Court. Crabbe is preparing an answer in the form of a letter in which he is expected to advise the governor that he is satisfied with the Common Pleas Court decision and will object to further prosecution of case.

He is expected to point out however, that he is willing to carry out instructions if the governor will show the way.

Stipulations were made in the will of John Bryan giving the property to the state that no religious services should ever be conducted on the property.

The Bryan farm has seen the subject on a controversy of long duration and three state governors have vetoed bills accepting the property for the state. However, a bill was passed over the governor's veto by the eighty fifth general assembly.

Suit was brought attacking the constitutionality of the act but the lower court held that it was constitutional despite the religious phase.

### MRS. OHMER HAGLER NOW CLAIMS TO HAVE OLDEST COVERLET

Mrs. Ohmer Hagler, East Third St., is in the lead in the "oldest coverlet" contest, now merrily going on.

Mrs. Hagler's coverlet was handwoven by D. Cosley, who made the coverlet displayed in a window in a Cincinnati store, last week, and which started a search for the heirlooms.

The coverlet owned by Mrs. Hagler was woven in 1838. It is prized by the Hagler family, having belonged to Mr. Hagler's great-grandmother. It is made of blue and white and has held its beauty through the years.

Mrs. Rosa Shaffer, West Third St., Xenia and Mrs. Samuel J. Oglesbee, Wilmington pike, run a neck-and-neck race, with coverlets woven in 1840. Both are of blue and white, the one owned by Mrs. Shaffer with a tiny verse in the corner and Mrs. Oglesbee's has white birds woven in the wool. Both were made when Xenia was a tiny settlement. Mrs. Shaffer's is "A. Allen." Another coverlet, woven in Xenia in the early part of the nineteenth century is prized by Mrs. Shaffer.

A red, white and blue coverlet, made by D. Cosley in Xenia, in 1847, is in the possession of Mrs. H. M. Fudge, this city.

Jobe Brothers Company is anxious to get in touch with anyone in Xenia or Greene County who owns an old-fashioned counterpane, in order to display the coverlets in their windows, during the first week in June.

The handiwork of the weavers of close to a hundred years ago, is expected to make an interesting exhibit and the Jobe Company hopes to obtain a number of exhibits.

## IT'S NO PLACE TO LOAF

Completion of the first steps in the beautification of the Court House lawn has been happily achieved, thanks to the untiring efforts of the Xenia Garden Club and the co-operation of the county commissioners.

The planting of grass and laying out of flower beds is now being supplemented by the commissioners in having a tree expert examine the trees on the lawn, trim them and preserve them in a healthy condition.

With landscape gardening plans progressing so well, commissioners can further co-operate with those interested in beautifying the square by not placing benches around sidewalks of the Court House to tempt loafing. In other years these benches not only encouraged loafing that created an unwholesome appearance, but advertised and exaggerated a condition of unemployment that does not actually exist in Xenia.

Furthermore, the placing of the benches attracts idlers who overflow on the lawn itself. Such an invasion this year would tend to destroy all that has been accomplished in the beautification of the lawn, in addition to marring the beauty of the public square. And anyway, why encourage loafing?

## THE GOSPEL OF ECONOMY

PRESIDENT COOLIDGE is taking no chances with his tax reduction program. Already the campaign is on in earnest. He has the jump on Congress by six months, and it is quite apparent that he intends to make the most of it. His first attempt at scientific reduction was thwarted by those Congressional demagogues who used the rich man "bug a boo" to cover petty politics among constituencies, which in the very nature of things, could not be versed in the intricacies of a perfect system.

The opportunity for such tactics this year will be considerably reduced. Into the states where the demagogues found the best opportunities of fooling the people last year the President is planning to send the most competent men in the administration to explain his tax program. That is the meaning of Mr. Mellon's tour through the South. It is particularly significant that he went all the way to Mississippi to explain the A B C's of taxation reform to the constituencies of Pat Harrison and his neighbor Tom Heflin over in Alabama. A little later we will find Mr. Mellon in the Middle West doing some educational and missionary work in states whose representatives in Congress were largely responsible for blocking portions of the administration's program more than a year ago.

Meanwhile General Lord, Director of the Budget, has been carrying the gospel of economy throughout the country. It is rather a sad commentary on the personnel of Congress that two of the busiest men in Washington must leave their desks to explain away the fables that have been spread by Senators and Representatives, but such is the fact.

General Lord and Mr. Mellon will be followed by other representatives of the President, who will explain in detail how another \$300,000,000 may be pared off the tax bill next year if the country will insist on honest action by a majority in Congress. There is very little doubt that the campaign will succeed and that the program will be adopted at the next session with little change and less delay.

It is the Coolidge method of appealing to the good sense of the people directly rather than attempting to "trade" with certain members of the national legislature. In every way possible the President is attempting to divert the attention of the country from Washington. Politics is adjourned. Let the people give their whole hearted attention to their own affairs to the end that business may go forward and that all the people may be happy and prosperous. That is the word which the President gives to visitors at every opportunity. Presently he will go to New England for a month and then Washington will be off the map completely.

## LASTING FRIENDSHIP

"Well," said I, "in looking round, Thinking of the friends I've found And the laughter and the tears That were sprinkled through the years, All the work I've ever done, And my cares have hurt me none, These old friends so good to know, They've had many a bill to hoe."

"All that's ever been worth while, Every cheering word and smile, Ever lasting friendship true, Came from men with work to do; Men with fields to plow and trees They must guard against disease, Barns to build and stock to tend, That's the sort that makes the friend."

"I've known idlers, rich and poor, Following pleasure's shining lure And I used to think that they Were life's favorites, but today Looking back I realize Only men who work are wise, And the ones you grow to love Idleness knows little of."

"Not from loafers come your friends, Love on service true depends, Every worth while man you know Wakes at dawn to work to go; Out of toil and out of care Friendship blossoms everywhere, Only men with tasks to do Have it in them to be true."

"Kasha Cloth" which is so popular this spring for dresses and coats, is also being made into small fancy articles. This wool material comes in several grades, priced anywhere from \$2.50 a yard to \$4.00, and in a variety of colors and shades—although gray is the most popular. One need not possess a Kasha Cloth dress or coat in order to carry the purse or shopping bag described below. I am sure that my Column Readers who like to do handwork of this sort, will have no trouble in making them.

**Kasha Envelope Purses:** These are not only pretty but, because of the durability of Kasha, will wear wonderfully. They resemble a writing-paper envelope and the most popular size is four by seven inches. They are lined with watered silk ribbon in any desired color, fitted out with an interior pocket for small detached mirror and coin purse and are finished completely around the outside edge with a narrow silver braid or cord. For added stiffness, a piece of cardboard is inserted between Kasha and lining in the "flap" of the "envelope." A loop of the same braid is put on the tip of the flap, and a fancy bead is sewed to the part of the bag where the flap-tip would fasten down. The severe plainness is the secret of this purse's style—although a woman clever at embroidery could work her initials on the flap with excellent effectiveness.

**Kasha Shopping Bags:** I have seen these made in all colors and decorated in all manner of ways. One of the prettiest was a bag made of the gray Kasha, which measured one foot square and was lined with gray cotton poplin. Cardboard stiffened either side of this bag between cloth and lining. A gray silk cord outlined its

edges and also formed the handles. "Cinnamon Stars Contributed by Mrs. O. J. W.: Another reader recently asked for his recipe. Cream a generous cup of butter or lard and slowly add two cups of brown sugar; still stirring, add three beaten eggs and enough flour to make a mixture that will roll easily, first, putting in one-half cup of desiccated coconut. Use a star-shaped cutter and sprinkle each star with granulated sugar colored brown with ground cinnamon. Bake in a hot oven for about eight minutes."

this type of advertising is going out of date

The "scare him to death" type of advertising is passing out.

A fundamental reason why "scare" advertising is passing out is because in general, it has not produced as effective results as other types of advertising. People do not like to be reminded of death and horror in an ad.

An ad which uses these factors for its "punch" may attract attention all right but the ad is quite likely to produce a sensation of disgust and distaste in the mind

## ANAEMIA

A remarkable discovery has enabled thousands of worn-out, tired, nervous, anaemic people to increase their strength and energy, often in two weeks' time, and to quickly change their leaden pallor and listless look to the pink skin, rosy lips and sparkling eyes of glowing health. Formerly they were given the old-fashioned tinctures and pills made from mineral iron, which many doctors now say are scarcely assimilated at all, and so give little benefit. But since the discovery of a new combination of organic iron—Nuxated Iron—which, being like the organic iron in our own blood, is promptly taken up by the blood, thousands have found that they can banish every trace of tiredness and distress, those peculiar pains and that nervousness incident to old age, in a few short weeks. Furthermore, Nuxated Iron does not injure the stomach, and if you do not notice a wonderful improvement in strength and energy and look years younger, the druggist will promptly refund your money. Nuxated Iron is sold under this absolute guarantee by all good druggists.

of the reader, thereby hurting the product advertised.

One company in a field where such advertising was once common and which has swung totally away from the "scare" advertising is the Metropolitan Life Insurance Company. Its ads are now highly readable, pleasant and effective, because of their public service and good-will value.

## SOBS, SNIFFLES AND SMILES

In one of O. Henry's stories "The Gift of The Wise Men" I came across this line: "Life is made up of sobs, sniffles and smiles, sniffles predominating."

The fact is there are many more cross currents that enter our days than we ever stop to realize. That is why we are downcast more than we should be. If we took more of our troubles for granted and as a part of the program of life there would be fewer complications.

Hurts in themselves are not so serious. The very fact that the gardener realizes that enemies are all the time lying in wait for his flowers or crops makes him more alert and in consequence he builds better ground and keeps an extra eye peeled in watchfulness. We can take our sniffles as they

come and just slip around the corner and let them have their flood. Or we can find a dark closet and let them run their route there, or go out into the open spaces of God's ground and open up the sniffles. Have you ever noticed how a baby's face brightens after its little sob or sniffle? Its very tears glisten like ripe pearls in the sunlight!

I never look at the furrows planted in the face of a great man without thinking of the tears that swept their way through them all.

All sun filled days are brighter after the rain.

And so we are better for all our sobs all our sniffles and our tears. The heart demands that it have its reactions.

But the only thing that we should advertise are our smiles. The sobs and sniffles and tears are plenty enough with all.

The most of life is beautiful and attemptable—but there is nothing easy about it.

## BLUE LAW BATTLE IS AT STANDSTILL

With a showdown expected next Sunday, battle lines are believed to be forming by Prosecuting Attorney J. Carl Marshall and clients of Attorney F. L. Johnson, exponents of Sunday "blue law" observance, behind a mantle of silence.

A second demand by Attorney Johnson that "blue laws" be enforced next Sunday has thus far met with no response from Prosecutor Marshall, and the latter did not indicate Thursday whether he will even answer the letter and explain his position on the question.

Attorney Johnson and his clients have patterned after the prosecutor in assuming a non-committal attitude on what their next move will be, and the unique war is at a standstill.

## GRADUATION NEXT WEEK WILL ROB CENTRAL HIGH SPORT TEAMS OF THIRTEEN ATHLETES

Central High School athletic teams of next year will suffer as a result of the graduation of a number of athletes with this year's senior class. Thirteen seniors who have performed ably either on the gridiron or the court, will get diplomas that will end their high school careers May 29.

Coach-elect Victor Kolb will have a hard time replacing some of these lads when he assumes charge of Central High athletics next fall. Probably the most outstanding athlete among the seniors is Allen Zell, captain of the 1924 football team, who has made an enviable sport record at the East Church Street school. Zell played guard on Coach Earl Purgener's football team the last year the Wittenberg mentor was engaged here. The following year Zell was shifted to the backfield, where he played even more brilliantly. His prowess won him a place among the mythical array of all star sport talent that Central High has turned out. In basketball, he also sparked at guard and center.

Edgar Holton, is another athlete whose shoes will be hard to fill at Central next year. Holton began his football career in the backfield and played first-water football during the several seasons he was with the team. He did not put all his eggs in one basket either, for he sparked brightly on the basketball court.

Eugene Perrine started out as a basketball luminary and then shifted his activities to the gridiron with surprising success. After winning a letter on the court Perrine not only "made" the football team last fall but played brilliant football at the end position. He was a bulwark on the basketball team again during the past season as well.

Ira Towles, colored athlete, is the last member of the two-part contingent to be lost through graduation. Towles was a consistent player in both football and basketball and his defensive work caused him to scintillate in the football backfield. Louis Buell, Harvey Edwards, William Horner, Harold and Howard Jordan, Charles Peters, Ervin Rutan.

Wendell Smith and Paul Spahr, confined their attentions to one sport. Buell, as center on the Central High basketball team, played brilliant basketball.

Harvey Edwards was a consistent football player who came into his own with a vengeance during the last season. Horner sparked at guard and center on the football team several seasons. The Jordan twins, Harold and Howard, played good football during several seasons.

Charles Peters was a star on the last football team and Ervin Rutan was a leading point-getter on the basketball five. Paul Spahr will be hard to find a substitute for at end. The fact that there are thirteen of these athletes who will be lost to next year's teams will undoubtedly prove unlucky to Coach Kolb when he takes charge of athletics here next fall and only the development of considerable green material will help to fill their places.

# BUY A POPPY!

## SATURDAY IS POPPY DAY IN XENIA

*When Poppies Are a Symbol of Humanity*

POPPY DAY is consecrated to the undying memory of heroism, suffering, sacrifice and that supreme love of country which prompts a man to lay down his life. Travelers in France, today, stand silently, with bowed heads and profound reverence, where the white crosses of our War dead form a vast and beautiful empire of this Great Adventure.

And, in honoring them and their deeds, the living, as well as those who sleep beneath the same red poppies which have named a Day in History, there will soon blossom, the country over, flaming emblems, the purchase of which places a badge of honor on your own lapel.

Do not turn away from Poppy Day messengers of the type of Charity, which is actually not charity at all, but an expression of reverent love. In your own kindly, thoughtful way, for a mere pittance, you, too, can be "in the service." And your heart will beat the faster, your pulse throb with infinite pride, as you realize that in the aggregate, the sum collected will prove how America not only REMEMBERS, but establishes a practical memorial to her heroes.

If you could SEE the Poppy fields of France—and, mind you, they bloom with deeper, more brilliant scarlet, because of the blood that drenched their soil, you would read in each graceful petal, all the tragic story over again of the storms that shook civilization to its very foundation, and the fathers, sons, brothers, who went across far seas because of an ideal. Wear a Poppy on Poppy Day.

# PRINCE CONVICTED OF CHARGE BY JURY IN PROBATE COURT

After deliberating slightly more than an hour, a jury in Probate Court Wednesday afternoon returned a verdict of guilty against H. E. Prince automobile agent, South Detroit Street, charged with keeping a gambling room and permitting Albert Smith, this city, to use the room for the purpose of recording wagers on race horses.

The jury was composed of six women and six men and all concurred.

The case was given to the jury Wednesday afternoon at 2:10 o'clock and a verdict was returned at 3:15 o'clock. It was reported that the jury only took two ballots to decide upon conviction.

Sentence of Prince on the charge was deferred by Judge S. C. Wright for three days to allow Attorney C. L. Darlington, representing Prince, time to file a motion for a new trial.

The state had rested its case in the trial late Wednesday morning and arguments by attorneys were begun immediately after the morning session. Prosecuting Attorney J. C. Marshall delivered the first state argument in which he described past incidents of women coming to him to procure his aid against alleged gambling in the city.

Attorney Darlington in making a plea that his client be acquitted of the charge, confined his arguments to the technical phase of the trial. City Solicitor J. A. Finney gave the final state argument.

# XENIA GOLF TEAM LOSES TO M'GREGOR

The four-man team representing the Xenia Country Club was defeated by the MacGregor Golf Club match team, of Dayton, over the MacGregor links Wednesday afternoon by a score of 4 to 0 in the first match for either club in the Dayton District Association League.

E. R. Bryant, E. S. Davidson, S. M. McKay and C. E. Fisher represented the Xenia Country Club and each player lost his match to his opponent.

The MacGregor Club is one of the outstanding Dayton golf clubs and its representatives have had far more experience in the golf pastime than local players. However the Xenians forced their opponents to uncork an excellent brand of golf before admitting defeat.

Davidson lost his eighteen hole match with his opponent, Joe Short, five up and four to play. Ordway stood six up on Bryant, while Charles Gregg and Henry Wasser, MacGregor players, beat Fisher and McKay by identical scores, three up and one.

Xenia will play its first home match in the association next Wednesday afternoon with the Miami Valley Club of Dayton.

## THURSDAY MORNING SERMON

To save myself a little jack for future rainy days, I've worn old clothes upon my back and saved in various ways; I've worn my last year's coat and hat and ridden in a Ford, each night I've stayed home with the cat and at our flat was moored. And in the bank I put my mon at interest 4 percent but now it seems my savings done, for I am badly bent.

A long-faced brother first appeared, pathetic-eyed and sad; the tears were streaming down his beard and he was feeling bad. He plead for people o'er the sea who lived on bread and soup, and told of how a little fee would save them from the croup. Some might have heard that doleful tale and gone unmoved about, but I got out my purse of kale and shelled three sawbucks out.

Each day as down the streets I tear some sister yells out "Hey." She's begging for some cause somewhere and asks how much I'll pay. I sadly view her to and fro as loud she weeping moans and then before I turn to go I give my last two bones. The schools and lodges come apace with tickets for some ball; to turn them down I've not the face and so I buy from all.

Oh, I've been shelling out my tin to every one that came; I've helped the man with bearded chin and gave tin to the lame. My bank account has come to smash and I am nearly broke; I live on sauer-kraut and hash, my clothes are quite a joke.

I still am wearing last year's clothes and working day and night; my socks are out at heels and toes and sharp the frost does bite. But from this day I won't go wrong. I'll buy what e'er I need. I'll fill myself on prunes and song, and on fried chicken-feed.

**CLYDE, OHIO, HEARD FROM**

There was a young fellow from Clyde,  
Who lived but one day with his bride,  
The day they were wed  
Hot biscuits she fed  
And the very next morning he died.

Well, we see in the news where C. Bryan of Nebraska is doing a little storming again. Having gone through the Sandusky-Lorain tornado last summer, we know how Nebraska folks must feel. Charley certainly is windy.

**MEMORIES**

My new straw hat  
Makes the people glance,  
And I feel like I did  
In my first long pants.

The fellow who found \$51 in a shoe he was putting on certainly wouldn't call that trying on one.

# CITY MAIL CARRIERS WANT HALF HOLIDAY FOR SUMMER MONTHS

A petition was circulated among Xenia business men Wednesday by city mail carriers to gain sentiment for a half holiday for city mail carriers.

Postmaster C. S. Frazer declared Wednesday that he is in favor of a half holiday and had taken the matter up with the postal department at Washington D. C.

Although sometimes permitted by the department, providing the service is not curtailed and no additional expense is attached Xenia mail carriers have never enjoyed a weekly half holiday it was pointed out by Postmaster Frazer.

The postmaster has requested that the holiday be given on Wednesday afternoons since Saturday is a busier day.

City mail carriers would not enjoy a full afternoon of leisure but would be permitted to quit every Wednesday afternoon after their second trip had been made, under the plan.

Three trips are made each day, one in the morning and two in the afternoon. If permission is granted for a holiday, the third trip would be abandoned, and the carriers would be free after 3:00 or 3:30 p. m.

While not required by the postal department, petitions are being circulated to obtain the sentiment of the people on the question.

## MICHAEL'S MARRIAGE

By MICHAEL

### CHAPTER XLVIII

As he waited that morning for sleep to subdue his ragged nerves (it was after two o'clock when he got to bed), Michael resolved to have an understanding with Lilah about her mother. "I'll be damned if I'll let my mother-in-law boss me!" He went over in his mind what he would say to Lilah. He didn't want to offend her. He was thus occupied when he went to sleep.

He called her in the morning from the office to reassure her. Thrillingly happy at the unoffended way in which he talked, Lilah did not refer to the previous evening's scene.

"I'd like to see you this afternoon or evening, but I've promised to go golfing with Lonnie Canper, and then sit in on a game of poker."

"Have a good time." She danced around the room after he rang off.

The fact of the matter was that he did not know whether he was going to play golf with Lonnie. They had an indefinite understanding. And even if Lonnie came by for him, he wasn't sure whether he would go. There was work to do and he wanted to be alone.

But when Lonnie telephoned, he changed his mind and agreed to go. He was glad that he did, because the day was perfect, with a balmy breeze blowing, and he enjoyed the game of golf, even if Lonnie did defeat him by eight strokes.

"Hope I trim you as badly at poker tonight. I need the money," Lonnie cried as they ran to the clubhouse.

"So do I," Michael exclaimed over his shoulder. "I'll always need money from now on."

The shower bath put new life into him and he ordered a big dinner.

He forgot Lilah and his engagement as he sparred verbally with Lonnie. They got into another one of their arguments, with Lonnie defending a absurd position in an aggravatingly adroit manner.

"There's a dance tonight! Let's take a few turns before we begin to play cards!" Lonnie suggested as they were finishing their cigars.

"Half of the men on the floor will be in knickers, so we'll be in style," Michael was in the mood to agree. They ventured into the ballroom and sought out partners.

Michael took Mary Roberts away from her brother, who sighted with relief at his release, and promptly sought out his particular enthusiasm in femininity.

"You've broken half of the hearts in town by going and getting engaged to Lilah Pharely," Mary giggled.

"Stuff! I'll bet that your heart isn't even touched by the calamity."

"If you only knew!" He playfully squeezed her hand. She blushed.

He didn't hear what she said next. His eyes had alighted on Elaine Alloway. An ominous feeling was tugging at him. She was nodding in his direction. A cold sort of nod, it seemed to him. He remembered with a sickening sensation that he had forgotten to mail her the letter telling of his engagement to Lilah. And it was evident that she had heard. It was in her eyes.

He decided to leave the floor when the number was concluded. He parted from Mary when the encore had been played, and went in search of Lonnie.

He found him with Elaine, and he was cornered. (To be continued.)
